**Speaker: Maria Anne “Hansi” Hirschmann**

Born in a small Czechoslovakian village and raised in a foster home, Hansi attended a Nazi school and became a high ranking member of the Hitler youth movement. The end of the war meant prison in a Communist labor camp, escape and finally asylum in Western Germany. The road was rough but along the way Hansi met Jesus. With Him as her Lord and Savior she came to America. The Lord was turly teaching, refining and preparing

her for a ministry for Him. The messages of Hansi Ministries are geared toward reminding, re-educating and directing the attitudes of the American people toward their freedom and American heritage.

Hansi stands for Help American to a New Spirit and Insight. This ministry believes in interdenominational Christian interaction on behalf of bringing the American people into a unity as a Nation under God.
